

Cern 9 Zurich 67

First an Apology

After the Basel Match report the web site has been literally inundated with one complaint regarding the sexist nature of the report. As author I would just like to apologise that we insinuated that *Gary's Girlfriend* would like to soap and Iron my coat. The article also insinuated that *Gary's Girlfriend's* favourite instrument is the iron. The author acknowledges that treating women in this way is neither big nor clever and for this antiquated stereotype the author is profoundly sorry.

Hooters are opening a new branch on Badnerstrasse.

Rugby Club Zurich would also like to point out that the views expressed in all match reports are the authors and do not necessarily reflect the views of RCZ.

RCZ would also like to point out that they in no way condone the stereotyping of women in any shaper or form and that they do not condone any activity that degrades women.

Cern 9 Zurich 67

The Eggheads at the Organisation européenne pour la recherche nucléaire in Cern calculated that the probability of beating Zurich was approximately 123, 999 to 1. They were right.

Summary

Zurich march on to the semi finals.

Points

3 points - Felix - yet another german who entered France, conquered and left them in tears - Vorsprung durch Technik.

2 points - Yves - I am not a prop - oh yes you are when we need you!

1 point - Gregoire - all over the pitch again - unlucky with the lack of assist points

Jaffa

Tati - only scored 2 tries
